

Pierre Savignac, PMP Consultant, IT Project Manager

- Certified Project Management Professional (PMP) by the world-renowned authority PMI
- 17 years experience with large corporations, fast-growing software companies and my own enterprises
- Bachelor in computer science, complemented by thousands of hours of professional training
- 2nd prize for best entrepreneur in a prestigious contest
- Certified Information Systems Security Professional (CISSP) by the International Information Systems Security Certification Consortium (ISC)² upcoming

In addition to international IT projects designed, managed and implemented by my enterprises in the past 11 years, here are some key references:

- National Bank: Project Manager for a multi-million \$ Public Key Infrastructure (PKI) to secure e-commerce transactions over the web and create new sources of revenues
- Videotron, Canada's 2nd largest cable telecom company: designed, developed and launched their Internet division (\$5M project involving 80 people) as manager in the Project Control Office (PCO)
- Stikeman Elliott, one of the 5 largest law firms and the most profitable in Canada: as Director, I successfully turned around the IT service in only 5 months
- Bell Nordic, Quebec's 3rd largest telephone company: in the team to identify, evaluate, acquire and turn around computer companies.
- Teleglobe (acquired by Bell), the world's 3rd largest carrier by its international traffic: various projects in the Internet industry

In addition to these major references, I am active with smaller enterprises:

- Eternitee, one of the first Outsourced Infrastructure Providers (OIP), takes over and manages remotely all IT operations of their clients
- Synerpro, an IT consulting firm that developed a vertical application software now marketed throughout North America
- Coupon Local, an Internet geoportal offering discounts in stores by neighborhood
- Strategic advisor and active investor in startups enjoying strong growth

Hoping that I have raised your interest, I invite you to call me to organize an interview.
